### 'SHOULD YOU GO FIRST'

Should you go first and we remain to walk the road alone we'll live in memory's garden dear with happy days we've known in spring we'll wait for roses red when fades the lilacs blue in early fall when brown leaves fall well catch a glimpse of you Should you go first and we remain for battles to be fought each thing you've touched along the way will be a hallowed spot we'll hear your voice we'll see your smile though blindly we may grope the memory of your helping hand will buoy us on with hope should i go first and we remain to finish with the scroll no lengthning shadows shall creep in to make this life seem droll we've known so much happiness we've had our cup of joy and memory is one gift of god that death cannot destroy should i go first and we remain one thing we'd have to do walk slowly down the path of death for soon we'll follow you we'll want to know each step you take that we may walk the same for someday down that lonely road you'll hear us call your name.
